

This figure is a topographic map of a mountainous region. The map features contour lines in red, green, and blue, indicating different elevations. A grid of blue crosses is overlaid on the map, with coordinates labeled along the axes. The map shows a complex terrain with several peaks and valleys. The grid covers the entire area, with the top-left corner showing the highest elevation and the bottom-right corner showing the lowest elevation. The map is oriented with North at the top.

The map includes the following data series:

- Contour Lines:** Red lines represent the highest elevations, followed by green and then blue lines. The lines are labeled with numerical values indicating elevation.
- Grid:** A grid of blue crosses is overlaid on the map, with coordinates labeled along the axes. The grid covers the entire area, with the top-left corner showing the highest elevation and the bottom-right corner showing the lowest elevation.
- Coordinates:** The map is oriented with North at the top. The grid covers the entire area, with the top-left corner showing the highest elevation and the bottom-right corner showing the lowest elevation.
